

Site License and Manual Purchase Information

Site License

The forms contained in Positive Outcomes: Utilizing SST as a Tool for School Improvement are available for purchase through a site license. A license, similar to that used with computer software, will be developed specifically for your system. A sample agreement is outlined below:

Customary Terms of Agreement

- WES will provide an electronic version of forms designed for use in the Student Support Team process.
- The Agency may add system identification information. No other alterations may be made without approval through WES. Revisions may be made at the request of the Agency with agreement by WES. Forms may be used electronically through the system's server or student information system.
- Forms will be updated as needed to comply with changes in state and federal requirements. Any additions, changes or updates made by WES to the content or format of the forms will be provided to the agency at no additional charge during the agreement period.
- Forms may be duplicated as needed by the system for use during the agreement period.
- This agreement is for a period of 3 school years. The license may be renewed for an unlimited number of years.
- Background information forms are available in Spanish as well as English.
